

Fish: in Ponds and Rivers: Fabulous Underwater Images of Freshwater Fish (Calvendo Nature)

From the pike, a solitary predators, to the tiny minnow and beautiful rainbow trout, this calendar features several of our most common freshwater fish. The fantastic underwater photographs give a vibrant impression of a fish's life in its natural habitat, from small ponds to large rivers. Calvendo calendars are premium products - a bit more pricey than others but with added benefits: Our calendars always look beautiful on your wall because we produce them locally with premium paper and sophisticated spiral binding, ensuring easy turning of pages and flat hanging against the wall. A protective transparent plastic cover sheet provides added stability and each calendar comes in five languages. Treat yourself to a Calvendo calendar and you get something that looks better all year round.
