

## How to Get Your Ex Girlfriend Back Get your ex girlfriend back in 6 simple steps (Even if shes with another guy)

How to get your ex girlfriend back I've been over weight my whole life. Just the funny fat kid, and I was seriously afraid to touch a woman or make a move my whole life. When I was 19 years old I finally got my first girlfriend and I thought I loved her more than anything. Maybe even more than myself. We spent every single day together for 2 years straight. I swear we were never apart from each other for more than 3 days at a time, and that only happened twice when she had family stuff. She told me how much she loved me every single day, and I told her. One day she told me completely out of the blue that, she couldnt do it anymore, and that she needed to be single. I cried my eyes out, begged her to rethink it, I cried in front of all of my friends, I seriously felt like my life just ended. It took me 19 years to find her, and I thought I could never find another girl like her again. I thought that no girl would ever love me as much as she did, and I thought that I could never love anyone or anything as much as I loved her. For the first few weeks I had to force myself to eat.

I couldnt take a bite of food. I couldnt enjoy anything at all. I couldnt laugh or smile without faking it. I couldnt get more than 3 hours of sleep, and I couldnt go one second without thinking about her. I didnt know what I did wrong, I didnt know why she was doing this, why she gave up on us. I seriously thought I was going to grow into an old man with this girl, but that never happened. After crying myself to sleep every night for 8 months wondering why I was even alive, what the point was, I came across a guy named David Deangelo. He was giving advice about women and dating in his book, Double your Dating. Everything he said was the total opposite of everything I thought, but I believed him because a part of me just knew it was right.

I started just trying what he was saying because I really didnt give a crap about anything anymore, so I would just walk up

to women, do and say things and boom, it was working. I COULD NOT BELIEVE IT! After that I started studying hardcore into this stuff. I went through all his dvd programs, started finding other big names like Mystery, and Neil Strauss and going through all of their books and videos, and I would actually go out in the real world and try these techniques, and they freaking work, its amazing. That was 5 years ago when I discovered David DeAngelo, and during that time I have dated plenty of women, and have been in a few more long term relationships. I realized over time that when women would leave me, and not me leave them, it ALWAYS boiled down to 2 reasons. 1 they didnt FEEL the attraction that I used to make them FEEL. 2 they FELT like I didnt appreciate them anymore. Realizing that, and having all the knowledge I gained over the years about women and dating brought me to a golden little formula that when followed WILL RE-ATTRACT ANY WOMAN THAT YOU HAVE ALREADY ATTRACTED. If I would have known this back when my first girlfriend left me I know 100% that I would still be with her right now. I can still remember the pain I was in for those first 8 months following her words I just cant do this anymore I felt like my whole world just collapsed. It was awful. I felt embarrassed, ashamed, like I wasnt good enough, I felt like nobody would want me, and I felt like I would never even want another girl anyways because I was so in love with her. These are the 6 steps that I have used, and I have taught to friends and had them use, to repair a relationship that you KNOW shouldnt even be broken. If you truly love this girl then keep her in your life forever. Nobody deserves to go through the pain youre going through right now, and GUESS WHAT? Shes in pain right now too.
