

## Love...From Both Sides

Sometimes, the hardest part of finding love is keeping a straight face.... For Jamie Newman, being a single guy isnt proving to be much fun, especially when confronted with a sexually belligerent divorcee and a goddess so far out of his league she might as well be a different species. Mind you, being a girl in search of love isnt a bowl of cherries either. Just ask Laura McIntyre, whos recently contended with a horny estate agent on a quest for light relief and a rabid mountain bike enthusiast with a penchant for lycra that leaves little to the imagination. When Jamie and Laura bump into one another (quite literally) it looks like their luck may have changed - but sometimes finding the right person is only the start of your problems.... Love... From Both Sides is a warts-and-all romantic comedy for everyone who knows how tricky the quest for love can be.
