

Dance Away, Danger

Sensible dance instructor Tessa Gage likes her life organized, risk-free and on her own terms. When her cop brother goes missing, his crooked partner tries to kill her, and a handsome stranger claims he's come to protect her, she's forced to leave her comfort zone. With more dance and business sense than survival skills and no idea who to trust, Tessa has no choice but to rely on this man who'd rather be anywhere but by her side. When carefree carpenter Matt Rylan gets a late night call from an Army buddy who once saved his life, he finds himself where he never again wanted to be responsible for someone else. Honor demands Matt cooperate, but he never expects his simple babysitting job to test the limits of his self-control. Nor does he expect it to explode into a race against time for his very freedom. As Tessa and Matt get closer to the truth, and to each other, Tessa learns to step outside the safety of her world to help set the wheels of justice in motion. For Matt, supporting this courageous woman suddenly becomes everything to him. Yet, his biggest challenge remains sharing his closed-off heart with her before the danger silences them both forever.
