

The Humoristian Chronicles: A Most Unusual Fellowship

The Humoristian Chronicles: A Most Unusual Fellowship began as an anthology of James Longmires posts on the Amazon religion forum, compiled by his friend, Alpha Wingoof Karen, for James wife, Kathi. Kathi and James later asked Wingoof to include her own posts in the anthology to add contrast to JLs posts, and Kathi suggested that it might make the book more interesting if it focused on the somewhat unlikely friendship that developed between her atheist Canadian husband and Wingoof, a Christian Scientist. *The Humoristian Chronicles* is mostly composed of forum posts by Longmire and Wingoof (and their forum friends), as well as email correspondence. It follows the beginnings of their friendship to the actual person-to-person meeting between James and Karen, and their families.
