

The Message: 100 Life Lessons from Hip-Hops Greatest Songs

In this book of life lessons culled from hip-hop culture, author Felicia Pride examines a wide range of hip-hop songs and artists, interpreting life through their lenses. Growing up with hip-hop, Pride has come to realize the way it shaped how she thinks, writes, and reacts, making her the person she is today. By incorporating her own experiences and reflections with the rappers message, she focuses on the positive, motivational influence hip-hop has on its audience. With each life lesson aptly titled after a hip-hop song, such as Kanye Wests Jesus Walks or GangStarrs Here Today, Gone Tomorrow, The Message explores spirituality, success, love, business, and more through hip-hop. Pride infuses these essential truths with examples from rappers lives and music, providing positive reflections on hip-hop culture. For example, she tells you how to study how those with staying power, such as Missy Elliott and Russell Simmons, handle their business and how to incorporate similar tactics into your own life: be creative, diversify, handle your business. The Message shares the wisdom that Pride has learned from hip-hop, creating what is essentially a soundtrack to the hip-hoppers life.
