

The Peoples Lawyer: The Colorful Life and Times of Julian L. McPhillips, JR.

This paperback edition is revised and includes a 2005 update written by McPhillips himself, who had a lot to talk about. Over the past five years, McPhillips was Bill Bradleys state campaign coordinator, ran himself for the U.S. Senate (he lost), and continued to build his reputation as an advocate for the underdog in cases ranging from police brutality to corporate malfeasance, from employment discrimination to product liability and more.
